

World's Flour Recipes

- easy + low cost = Happy! -

Flour is one of the most popular ingredient used in many countries. It's also cheap and easy to cook!

This Global Session is about the world's meals made from flour. International Student Concierge members will make presentations about their national meals and how to cook it.

The Session provides a lot of useful information for international students who just started a new life in Japan.

*Presentations will be in Japanese with English subtitles.

*There will be the exhibition of books related to the theme.
