

# University House Katahira Disaster Prevention Drill (Important information for residents)

October 2025 Tohoku University

A disaster prevention drill will be held to prepare you in the event of a large earthquake or fire. **Please be sure to attend if possible.**

**If you are unable to participate on the day of the drill, please be sure to watch the training materials that will be sent to you separately.**

## 1. Date/time

October 21 (Tue.), 2025 9:30~10:00 (rain or shine)

## 2. Description of Drills

Emergency Announcements, Evacuation Drill, Fire Drill

## 3. Evacuation Site

**In front of the entrance hall**

## 4. Schedule

(1) 9:30~

1. Simulation of a shindo 6 earthquake (emergency announcement).
2. Simulation of fire in the living room of the unit B on the 3rd floor (fire alarm will sound).
3. Simulated evacuation following the emergency announcement by the Admin. Office. When evacuating, put on your helmet, keep your head down and press a handkerchief over your nose and mouth. Assemble at the evacuation site.
4. Roll-call after evacuation. The number of students and injuries will be ascertained. Roll-call results will be communicated to university staff.

(2) 9:45~

An instructor will demonstrate fire extinguisher usage, followed by a fire extinguishing drill.

(3) 9:55~

After receiving feedback from university staff (Fire Safety Officer), residents will be free to leave.

## 5. Evacuation Instructions

- (1) Check the evacuation route ahead of time.
- (2) When evacuating, **put on your helmet and shoes**. Call out to each other to make sure no residents are left behind.
- (3) Residents living on the 2nd floor or above should use the interior or exterior stairs.  
Do not use the elevators.
- (4) Take your card key when you leave your room.
